APARNA.P

Python Django Fresher

8848579887 | aparnap8848@gmail.com | linkedin.com/in/aparna-p5

Professional Summary

Python Django Developer fresher with hands-on experience building web applications and REST APIs using Python, Django, and Django REST Framework. Experienced in implementing authentication, CRUD operations, database integration, and user-based data management through academic and personal projects. Currently pursuing Python Django Full Stack Development at Luminar Technolab, with an interest in backend development and problem-solving. Seeking an entry-level Python/Django role to apply technical skills and grow as a developer.

Skills

Programming Languages: Python, SQL, JavaScript
Frameworks: Django, Django Rest Framework
Web Technologies: HTML, CSS, Bootstrap
Database: SQLite, MySQL
Development Tools: VS Code, Postman, Git, GitHub

Education

BCA. Bachelor Of Computer Applications **Graduating: 2026**
CSI Christen Muller Women's College Chombala, Vadakara

Training

Python Django Full Stack Development **May 2026 – Present**
Luminar Technolab

- Developing practical skills in Python programming, Django, HTML, CSS, JavaScript, Bootstrap and SQL.
- Building web applications and REST APIs with authentication, CURD operations, and database integration.
- Working on hands on projects to improve backend development, API development, debugging, and problem-solving skills.

Projects

Fake Vote Detection Using Face Recognition | Python, Django, HTML, CSS, Javascript Bootstrap, SQLite

- Developed a web-based voting system using face recognition for voter verification.
- Implemented face matching and OTP-based authentication to verify voters and help prevent duplicate voting.
- Development modules for voter registration, candidate management, party management, and vote management used, Django and SQLite for backend development and database management.

Certifications & Workshops

- **One-month Hands on Workshop on Python:** Info Campus
- **Python Workshop:** One Team Solutions

Additional Information

- Interested in Python, Django, REST API Development, and Web Application Development.
- Continuously improving programming and problem-solving skills through hands on projects and technical practice.
